

From recruitment to certification, on one platform.

Five connected modules cover the full learnership journey for training providers, employers and funders.

Administrator dashboard and campaign management

THE CHALLENGE SETA-accredited training still runs on paper POEs, registers and spreadsheets that are slow to check and easy to lose.

One platform for the whole training lifecycle

From Recruitment to Certification

01 • PRE-TRAINING CloudPOE Recruit

- ✓ Learnership campaign adverts
- ✓ Automated pre-qualification
- ✓ Interviews and documents
- ✓ Contracting and onboarding

02 • IN-TRAINING CloudPOE Core + Learn

- ✓ Check-in/out attendance
- ✓ Live cohort dashboards
- ✓ LMS, assignments and grading
- ✓ Logbooks and stipends

03 • POST-TRAINING CloudPOE Place + Certify

- ✓ Host employer placements
- ✓ Verified digital certificates
- ✓ Statement of Results
- ✓ Digital POEs and QA reports

Why organisations choose CloudPOE

One platform

Recruitment, training, placement and certification in one system instead of separate tools.

Less paper

Digital attendance, logbooks and POEs replace files and registers.

Real-time visibility

Dashboards show cohorts, attendance and progress as they happen.

Audit-ready evidence

Records and reports are ready for accreditation and quality assurance.

- ✓ Hosted in South Africa (AWS Cape Town)
- ✓ AWS Select Partner
- ✓ Built for QCTO and SETA learnerships
- ✓ Five modules, one platform

CloudPOE is the **all-in-one platform** that manages your entire SETA-accredited training lifecycle, so you can focus on delivering results.
